PRE-KICK-OFF QUESTIONNAIRE

Willis Temby - Website Design and Build

Company:	Willis Temby
Completed by:	
Date:	

Hi Isabella, thanks again for all the work your team has put into the new site!

We have been through the handover, the signed quote and the notes from your kick-off with Mia on 21/07/2026, so we are not going to ask you to repeat any of that. This form covers only what is still open before design moves past the homepage. It takes about 10 minutes, and most of it is ticking. "Not sure" or a blank is a perfectly good answer: it tells us what to cover when we next talk, and anything easier said out loud can be left for then.

1. WHAT WE ALREADY KNOW

Tick what is right. Fix anything that is not, in a few words.

We understand that	Right	Not quite
The site's main job is to turn the demand you already get (600+ calls a month) into enquiries from larger businesses, so "Contact us" is the main button	☐	☐
You run the project day to day, and Alex and Brett approve at the main milestones	☐	☐
The package covers a new logo (3 concepts), a custom WordPress site and a mega menu: About, Risk, Sector, Insights, Contact	☐	☐
Your team writes the copy, and we place it and break it into easy-to-read sections	☐	☐
Pay an Invoice stays off the homepage, and the site will not show client names or logos	☐	☐
[illegible]	☐	☐

There is one general enquiry form with a subject dropdown, and the "review my policy" form is no longer needed	☐	☐
Product pages keep to 10 FAQs at most	☐	☐

2. YOUR SITEMAP AND PAGES

> **Why we're asking**
> Your new sitemap has grown well past the original structure, so we'd like to agree which page templates carry it before design goes further.

Q1. Your package includes designs for the homepage, contact page, a sector page, a policy/product page, an Our People profile and a blog/insights page. Every page on the site is then built from one of these. Which page types do you expect to look different from all of them?

Tick any that need their own look. If none do, tick "None". We will talk through anything you tick before design starts.

☐ About
☐ Method / Process
☐ Community & ESG
☐ Careers
☐ Our People listing (the page showing the whole team)
☐ Compliance and legal pages
☐ Request a quote, Lodge a claim or Workplace injury forms
☐ Pay an Invoice
☐ None, they can all follow the designs above
☐ Not sure, or tell us on the day

Q2. Has the sitemap Mia drafted in Whimsical been signed off on your side?

☐ Yes, it is approved as it stands
☐ Nearly, there are a few changes (we will send them)
☐ We have not seen the final version
☐ Not sure

3. YOUR CONTENT

Q3. On 21/07 the copy was about four fifths written and going round your team for checking. Where is it now?

☐ All written and checked
☐ All written, still being checked
☐ Mostly written, a few pages still to go
☐ Some sections not started yet (tell us which)
☐ Something else:

Q4. By what date can we have the checked copy for every page?

A realistic date, not the most optimistic one. For example, 14/11/2026, or "homepage now, product pages by 28/11/2026".

4. PHOTOS AND VIDEO

Q5. Which of these photos do you already have, in good quality?

Tick all that apply. Anything not ticked we will plan to source or design around.

- ☐ Headshots for the team profiles (around 17 to 19 people)
- ☐ Team or group photos
- ☐ Your own photos of client operating environments (vessels, mine sites, trucks, construction)
- ☐ Office or meeting photos
- ☐ None we are happy with

Q6. The homepage brief prefers a video banner showing the industries you work in. Which suits you?

Photography and filming are not part of the current package, so custom footage would be quoted separately.

- ☐ Stock video is fine
- ☐ We would like custom footage of our own people or clients
- ☐ A still image or image slider is fine
- ☐ Not sure, or tell us on the day

5. SIGN-OFF

Q7. Of Isabella, Alex and Brett, who has the final say on design?

Pick one. If the answer really is "all of us", tick that and we will plan for every round to go to all three.

- ☐ Isabella Breheny
- ☐ Alex Rowland
- ☐ Brett Piggott
- ☐ Alex and Brett together
- ☐ All of us, together
- ☐ Someone else (tell us who)

Q8. Cameron joined the kick-off. How involved should he be from here?

- ☐ Reviews the designs with Isabella
- ☐ Checks content only
- ☐ Copied in for information
- ☐ Not involved from here
- ☐ Something else:

Thank you, Isabella. Getting this back means design can keep moving without stopping to ask.
